Aviation Weather Services Handbook

National Weather Service

Aviation Weather Services Handbook National Weather Service

This official handbook provides an authoritative tool for pilots, flight instructors, and those studying for pilot certification. From both the Federal Aviation Administration and the National Weather Service, this newest edition offers up-to-date information on the interpretation and application of advisories, coded weather reports, forecasts, observed and prognostic weather charts, and radar and satellite imagery. Expanded to 400 pages, this edition features over 200 color and black-and-white photographs, satellite images, diagrams, charts, and other illustrations. With extensive appendixes, forecast charts, aviation website recommendations, and supplementary product information, this book is an exhaustive resource no aviator or aeronautical buff should be without.

Chapters included in the *Aviation Weather Services Handbook* are: The Aviation Weather Service Program, Aviation Weather Product Classification and Policy, Aviation Routine Weather Report (METAR), Pilot and Radar Reports, Satellite Pictures, Radiosonde Additional Data (RADATs), Graphical Observations and Derived Products, Products for Aviation Hazards, and Aviation Weather Forecasts. Readers will also find useful Surface Analysis Charts, Weather Depiction Charts, Radar Summary Charts, and Constant Pressure Analysis Charts. This handbook comprises absolutely everything weather-related that a pilot needs to know. Educational, comprehensive, and potentially lifesaving, this is an indispensable manual for anyone involved in handling a plane.

From reader reviews:

Edward Knudsen:

As people who live in the particular modest era should be upgrade about what going on or data even knowledge to make these people keep up with the era which is always change and advance. Some of you maybe will probably update themselves by reading books. It is a good choice for yourself but the problems coming to you is you don't know what one you should start with. This Aviation Weather Services Handbook is our recommendation to help you keep up with the world. Why, because this book serves what you want and want in this era.

Shawn Hernandez:

Exactly why? Because this Aviation Weather Services Handbook is an unordinary book that the inside of the publication waiting for you to snap this but latter it will shock you with the secret this inside. Reading this book alongside it was fantastic author who all write the book in such amazing way makes the content within easier to understand, entertaining technique but still convey the meaning entirely. So , it is good for you because of not hesitating having this ever again or you going to regret it. This unique book will give you a lot of benefits than the other book have got such as help improving your proficiency and your critical thinking technique. So , still want to postpone having that book? If I were being you I will go to the book store hurriedly.

Harold Singleton:

Are you kind of active person, only have 10 or perhaps 15 minute in your day time to upgrading your mind ability or thinking skill possibly analytical thinking? Then you are having problem with the book than can satisfy your short space of time to read it because this time you only find book that need more time to be examine. Aviation Weather Services Handbook can be your answer given it can be read by a person who have those short time problems.

Harold Esparza:

Do you like reading a book? Confuse to looking for your chosen book? Or your book had been rare? Why so many issue for the book? But virtually any people feel that they enjoy intended for reading. Some people likes looking at, not only science book and also novel and Aviation Weather Services Handbook or perhaps others sources were given information for you. After you know how the truly great a book, you feel desire to read more and more. Science publication was created for teacher as well as students especially. Those books are helping them to increase their knowledge. In some other case, beside science reserve, any other book likes Aviation Weather Services Handbook to make your spare time a lot more colorful. Many types of book like here.
