Family Counseling and Therapy, 3rd Edition Arthur M. Horne

This text, which includes contributions by experts in the field, offers a thorough overview of the major models of family therapy and counseling in use today. Each chapter is written by an expert and provides a summary of the model, a description of the methods and techniques used, and an extended case example. The text presents not only classic family and systematic therapy models but also models from the tradition of individual therapy that have been translated and adapted to the context of family therapy.
