Havre (Images of America) Emily Ann Mayer

Tucked in a valley on the banks of the Milk River, Havre's history is incredibly diverse. It was populated first by American Indian tribes, who lived here for centuries and successfully lived off what the land, waters, and skies could provide. White settlers and other ethnic groups came later, bringing with them their own ways of life. Ladies and gentlemen arrived, looking for opportunities to build a new life and working to smooth out the rough reputation Havre had earned during its early days. Vice and virtue worked and lived alongside each other to create the largest community on Montana's Hi-Line.
