Tamime and Robinson's Yoghurt: Science and Technology (Woodhead Publishing Series in Food Science, Technology and Nutrition) A. Y. Tamime, R K Robinson

Previous editions of Yoghurt: Science and Technology established the text as an essential reference underpinning the production of yoghurt of consistently high quality. The book has been completely revised and updated to produce this third edition, which combines coverage of recent developments in scientific understanding with information about established methods of best practice to achieve a comprehensive treatment of the subject. General acceptance of a more liberal definition by the dairy industry of the term yoghurt has also warranted coverage in the new edition of a larger variety of gelled or viscous fermented milk products, containing a wider range of cultures.

Developments in the scientific aspects of yoghurt covered in this new edition include polysaccharide production by starter culture bacteria and its effects on gel structure, acid gel formation and advances in the analysis of yoghurt in terms of its chemistry, rheology and microbiology. Significant advances in technology are also outlined, for example automation and mechanisation. There has also been progress in understanding the nutritional profile of yoghurt and details of clinical trials involving yoghurts are described.

This book is a unique and essential reference to students, researchers and manufacturers in the dairy industry.

- Includes developments in the understanding of the biochemical changes involved in yoghurt production
- Outlines significant technological advances in mechanisation and automation
- Discusses the nutritional value of yoghurt

From reader reviews:

Deborah Lake:

What do you concerning book? It is not important together with you? Or just adding material when you need something to explain what your own problem? How about your time? Or are you busy individual? If you don't have spare time to perform others business, it is gives you the sense of being bored faster. And you have free time? What did you do? All people has many questions above. They should answer that question since just their can do that will. It said that about e-book. Book is familiar on every person. Yes, it is appropriate. Because start from on pre-school until university need this particular Tamime and Robinson's Yoghurt: Science and Technology (Woodhead Publishing Series in Food Science, Technology and Nutrition) to read.

Eleanor Bender:

Is it anyone who having spare time after that spend it whole day by simply watching television programs or just laying on the bed? Do you need something totally new? This Tamime and Robinson's Yoghurt: Science and Technology (Woodhead Publishing Series in Food Science, Technology and Nutrition) can be the answer, oh how comes? The new book you know. You are thus out of date, spending your free time by reading in this new era is common not a nerd activity. So what these textbooks have than the others?

Aaron Covington:

Don't be worry when you are afraid that this book can filled the space in your house, you can have it in e-book means, more simple and reachable. This particular Tamime and Robinson's Yoghurt: Science and Technology (Woodhead Publishing Series in Food Science, Technology and Nutrition) can give you a lot of buddies because by you taking a look at this one book you have point that they don't and make anyone more like an interesting person. This particular book can be one of one step for you to get success. This publication offer you information that probably your friend doesn't understand, by knowing more than additional make you to be great men and women. So , why hesitate? We need to have Tamime and Robinson's Yoghurt: Science and Technology (Woodhead Publishing Series in Food Science, Technology and Nutrition).

George Degregorio:

A lot of people said that they feel bored when they reading a reserve. They are directly felt it when they get a half elements of the book. You can choose the particular book Tamime and Robinson's Yoghurt: Science and Technology (Woodhead Publishing Series in Food Science, Technology and Nutrition) to make your current reading is interesting. Your own skill of reading expertise is developing when you just like reading. Try to choose basic book to make you enjoy to learn it and mingle the idea about book and examining especially. It is to be initially opinion for you to like to open a book and read it. Beside that the guide Tamime and Robinson's Yoghurt: Science and Technology (Woodhead Publishing Series in Food Science, Technology

and Nutrition) can to be your new friend when you're truly feel alone and confuse using what must you're doing of their time.
