Sidney Lane-Poole's History of India, Medieval India from the Mohammedan Conquest to the Reign of Akbar the Great is a must-read for anyone interested in the history of India and the region during the rise of Islam during the Middle Ages and the changes it had on the Indian subcontinent.

As the preface notes, "The Medieval Period of Indian history, though it does not exactly correspond with the Middle Age of Europe, is not less clearly defined. It begins when the immemorial systems, rule, and customs of Ancient India were invaded, subdued, and modified by a succession of foreign conquerors who imposed a new rule and introduced an exotic creed, strange languages, and a foreign art. These conquerors were Moslems, and with the arrival of the Turks under Mahmud of Ghazni at the beginning of the eleventh century, India entered upon her Middle Age. From that epoch for nearly eight hundred years her history is grouped round the Mohammedan rulers who gradually brought under their control nearly the whole country from the Himalayas to the Krishna River. The period ends when one of the last of these rulers, oppressed by the revival of Hindu ascendancy, placed himself under English protection, and Modern India came into being."
