Incidents, when people have out-of-the-ordinary experiences that cannot be easily explained, occur in all cultures. They create superstitions and may form part of a society's myths and legends. Those who believe in other-worldly influences may find them a source of comfort, healing or terror. The World of Ghosts and the Supernatural brings together real-life stories of extraordinary happenings from all over the world. Each chapter covers a continent and includes a location map. Illustrations range from archive material to film stills, and the occasional otherworldly being puts in an appearance.
