The Power and Promise of Humane Education Zoe Weil

Critical world problems call for education that addresses the values and behaviors that perpetuate suffering, oppression, and destruction. Humane education does this, offering young people deeply meaningful education about the issues of our time, teaching them to be critical and creative thinkers, inspiring their reverence and respect, and empowering them to be conscientious decision-makers. This book offers teachers clear suggestions for implementing humane education in both classrooms and non-traditional educational settings. Inviting and easy to use, it describes the four elements of humane education, along with stories, examples, case studies, activities and resources.

Zoe Weil is president of the International Institute for Humane Education. A frequent speaker, she authored *Above All, Be Kind: Raising a Humane Child in Challenging Times*.
