The Maker's Guide to the Zombie Apocalypse: Defend Your Base with Simple Circuits, Arduino, and Raspberry Pi Simon Monk

Where will you be when the zombie apocalypse hits? Trapping yourself in the basement? Roasting the family pet? Beheading reanimated neighbors?

No way. You'll be building fortresses, setting traps, and hoarding supplies, because you, savvy survivor, have snatched up your copy of *The Maker's Guide to the Zombie Apocalypse* before it's too late. This indispensable guide to survival after Z-day, written by hardware hacker and zombie anthropologist Simon Monk, will teach you how to generate your own electricity, salvage parts, craft essential electronics, and out-survive the undead.

Take charge of your environment:

- Monitor zombie movement with trip wires and motion sensors
- Keep vigilant watch over your compound with Arduino and Raspberry Pi surveillance systems
- Power zombie defense devices with car batteries, bicycle generators, and solar power

Escape imminent danger:

- Repurpose old disposable cameras for zombie-distracting flashbangs
- Open doors remotely for a successful sprint home
- Forestall subplot disasters with fire and smoke detectors own electricity, salvage parts, craft essential electronics, and out-survive the undead.

Communicate with other survivors:

- Hail nearby humans using Morse code
- Pass silent messages with two-way vibration walkie-talkies
- Fervently scan the airwaves with a frequency hopper

For anyone from the budding maker to the keen hobbyist, *The Maker's Guide to the Zombie Apocalypse* is an essential survival tool.

From reader reviews:

Melanie Archer:

Why don't make it to become your habit? Right now, try to ready your time to do the important work, like looking for your favorite book and reading a e-book. Beside you can solve your problem; you can add your knowledge by the reserve entitled The Maker's Guide to the Zombie Apocalypse: Defend Your Base with Simple Circuits, Arduino, and Raspberry Pi. Try to make book The Maker's Guide to the Zombie Apocalypse: Defend Your Base with Simple Circuits, Arduino, and Raspberry Pi as your buddy. It means that it can to be your friend when you truly feel alone and beside those of course make you smarter than ever before. Yeah, it is very fortunated for yourself. The book makes you much more confidence because you can know anything by the book. So , let us make new experience as well as knowledge with this book.

Douglas Whatley:

Nowadays reading books be a little more than want or need but also work as a life style. This reading routine give you lot of advantages. The benefits you got of course the knowledge your information inside the book in which improve your knowledge and information. The information you get based on what kind of e-book you read, if you want attract knowledge just go with education books but if you want feel happy read one having theme for entertaining including comic or novel. Often the The Maker's Guide to the Zombie Apocalypse: Defend Your Base with Simple Circuits, Arduino, and Raspberry Pi is kind of publication which is giving the reader unforeseen experience.

Bethany Eng:

The book untitled The Maker's Guide to the Zombie Apocalypse: Defend Your Base with Simple Circuits, Arduino, and Raspberry Pi contain a lot of information on it. The writer explains her idea with easy approach. The language is very straightforward all the people, so do not really worry, you can easy to read the item. The book was compiled by famous author. The author gives you in the new period of time of literary works. It is easy to read this book because you can read on your smart phone, or program, so you can read the book throughout anywhere and anytime.
