Do ghosts really exist, or is "ghostly phenomena" just strange stuff that gets blamed on dead people? Giving you the real story, professional ghostbuster and skeptic Adam Selzer of Weird Chicago Tours delves into a mysterious death at a former funeral parlor, nightly ghost sightings at Hull House, and more. Proving that not all ghost hunters are kooks (some are just geeks gone wild), Selzer showcases true spooky tales worldwide, a history of hauntings, the art of ghost hunting, and cool evidence of paranormal phenomena and the supernatural. These ghost stories will make you want to investigate that cemetery down the road to see if it's haunted—or just dark and creepy.

"Any remotely spooky place that people sneak into in order to get wasted will eventually turn up on a TV show, website, or book about ghosts."  
—Selzer's First Theorem
