The Visual Story: Creating the Visual Structure of Film, TV and Digital Media

Bruce Block

The Visual Story: Creating the Visual Structure of Film, TV and Digital Media Bruce Block
If you can't make it to one of Bruce Block's legendary visual storytelling seminars, then you need his book! Now in full color for the first time, this best-seller offers a clear view of the relationship between the story/script structure and the visual structure of a film, video, animated piece, or video game. You'll learn how to structure your visuals as carefully as a writer structures a story or a composer structures music. Understanding visual structure allows you to communicate moods and emotions, and most importantly, reveals the critical relationship between story structure and visual structure.

The concepts in this book will benefit writers, directors, photographers, production designers, art directors, and editors who are always confronted by the same visual problems that have faced every picture maker in the past, present, and future.
