## **Travel Pictures** Heinrich Heine

Heinrich Heine (1797–1856), one of Germany's most revered poets, is equally well-known for his idiosyncratic prose, the vibrant voice of which feels astonishingly modern in its familiar tone and thematic acrobatics. *Travel Pictures* comprises the accounts of four journeys taken at different times in his life. The opening "Harz Journey," a quirky chronicle of his walking tour in the Harz Mountains, is the text that first made him famous. But in all four accounts, Heine, seasoned by the skepticism of a born outsider, does more than climb mountains, ford streams and cross borders. In this remarkable book, Heine propels German letters into the Modern mindset. Freud cites a few of *Travel Pictures*' most humorous passages in *Jokes and Their Relation to the Unconscious*. Heine's incomparable lyric vision lifts the book into the transcendent realm of great journey literature.
