“Revealing account of the destruction of one woman’s personal and professional identity amid Asia’s cultural quicksand”?

Read the unvarnished truth about the expat lifestyle in *Singapore Salvation*.

Jennifer Burge understands the challenges of life abroad. Having documented the pitfalls of taking her career from the United States to Europe in her first memoir, *The Devil Wears Clogs*, it’s hard to imagine she would be confounded by the complexity of another foreign culture—yet that is exactly the case. Her understanding of Asian tradition is a mirage appearing and disappearing with each new interaction.

Moving to Singapore when the rigidity of European life began to wear on her seemed to be the perfect solution. A sophisticated modern condo in the heart of a developing nation was the answer to her prayers—or so she thought. The entrance of the Global Financial Crisis compounded the already-challenging international job search to an unprecedented level. Living in her fourth country without her professional status or a peer network leaves Jennifer to question her identity. Solo travel across Asia allows her to create an authentic one.

JENNIFER’S SECOND MEMOIR HAS LEFT READERS CLAMORING FOR A THIRD.

- **R.R. Marinelli (Melbourne) writes that *Singapore Salvation* puts a match to popular misconception:** “*Singapore Salvation* tells it as it is. From the outside the expat life may appear to be glamorous and oh so easy. It is far from it. The author shares her personal experiences to give an honest account of what lies beneath the surface of this much desired lifestyle.”
- **H. Albrecht (Germany) writes:** “If you have been working abroad and lived amongst different cultures yourself – this is a must read. A truly gripping story. It is always fun to follow Jennifer’s trips and her insightful travel tips. I wonder what she is writing about after Australia.”

- **Alessandra (Brisbane) says this about *Singapore Salvation*:** “A stripped-back honest account of the many valleys, self-examinations, and mountain highs while living a modern day nomadic lifestyle in the Far East. Anticipating the pen of her Australian experience.”
- **K. Stahl (Atlanta) comments:** “a wonderfully descriptive and insightful book. It is not only an insider guide to travel in Asia, but also a heartfelt narrative of a marriage tested by the strains of employment and international moves. A must read for any world traveler or stay at home dreamer.”
