Steps Ariiah

STEPS by Ariiah is a poetic diary documenting how one Soul entered, by agreement, a body living on Earth. One took her leave and one took her welcome. When the host body lost its etheric particles and acquired new ones, a journey of Transformation began when the higher Soul was installed into the body.

The author used poetry to cope with the tremendous Spiritual/physical/emotional and psychological challenges of the Process, while retaining the former host's memories. Poems became paper friends; hands to hold onto in the silence, giving comfort to the solitary passage. Everyone and everything grows Spiritually by taking Steps of Enlightenment. These poems were like handrails accompanying some of the steps. One of the steps was becoming a Group Soul.

These steps were recorded without the thought of writing a book, but this little book, a Soul's personal journey into a new life in a different body and on Earth, became what it was meant to become. A poetic peek into an ascension at the Soul level. A completion of a promise written long ago, in Love.?

Enlightenment is not something that happens with one step. It is a process. A good metaphor is a staircase. Steps of Enlightenment open up everything and everyone. No two paths could ever be the same. But they do lead in the same direction. Everyone and everything goes back into the same Eternal Prime energy; a Love that cannot be described.

I did an impossible thing. I changed staircases and became a totally different person. Wistancia took her leave and Ariiah took her welcome. My Soul was brought into this host body and placed on different Steps. It could never be easy to change Souls in the same body. This is the story of my journey. But it is more than that. We are all on a journey and we are all taking big steps now and they are going in the same direction. Today I am more gently slipping into my new garment of life. But even that is just another step.
