## **Keys to First Corinthians: Revisiting the Major Issues** Jerome Murphy O'Connor

Jerome Murphy-O'Connor's reputation as a recognized expert on the Corinthian correspondence has been built on the original solutions he has offered to perennial problems. Brought together for the first time in one volume, each of the sixteen articles anthologised here deals with one or more verses in 1 Corinthians that have baffled scholars for generations. Throughout the collection the author dialogues with the opinions of colleagues, responding to and building on their accurate observations, and explaining in detail why certain solutions are viable whilst others are implausible.

A newly written 'reception history' has been appended to each article to bring the collection completely up to date. Although not a commentary on 1 Corinthians, this volume deals thoroughly with all the major problems of the most interesting of the Pauline letters.
