#### **James Hudson:**

People live in this new morning of lifestyle always make an effort to and must have the spare time or they will get large amount of stress from both everyday life and work. So , if we ask do people have free time, we will say absolutely sure. People is human not really a huge robot. Then we inquire again, what kind of activity are you experiencing when the spare time coming to you of course your answer will certainly unlimited right. Then ever try this one, reading books. It can be your alternative within spending your spare time, often the book you have read will be A system of geometry and trigonometry: Together with a treatise....

#### **James Wood:**

As a student exactly feel bored in order to reading. If their teacher requested them to go to the library or even make summary for some publication, they are complained. Just small students that has reading's soul or real their hobby. They just do what the instructor want, like asked to go to the library. They go to there but nothing reading critically. Any students feel that examining is not important, boring and can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this era, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore , this A system of geometry and trigonometry: Together with a treatise... can make you really feel more interested to read.
