Mystics and theologians warn us of impending cataclysmic events. Scientists raise alarms when they rail of dangers like global warming, planetary asteroid strikes, the potential for a pandemic, and other theoretical real-world disasters.

Science and mystical religion often seem to occupy opposing realms. But, what if there existed an underlying TRUTH that unified both paradigms? The Breath of God reveals to the reader a desperate search for this TRUTH just as mankind surges relentlessly toward its ultimate fate.

A group of scientists just might soon discover the TRUTH. But, will it be too late?

This is the thrilling sequel to THE EON STAIRCASE.
