Digital Futures: Expert Briefings on Digital Technologies for Education and Research

A co-branded book project with Jisc (formerly the Joint Information Systems Committee), off the back of DigiFest 2014, a digital festival run by Jisc for the first time in 2014. The aim of the book is to bring cutting-edge discussion as heard at DigiFest to the information professional/academic librarian readership. Digital Futures will provide expert briefings to information professionals on the emerging trends in the digital technologies that are transforming teaching and research in higher education.

- Written by subject experts working at the forefront in emerging trends and digital technologies
- Encompasses issues that impact across the higher education institution: learning, research and network security
- Aids strategic thinking and informs decision making
