Gods and Goddesses in Love: Making the Myth a Reality for You Agapi Stassinopoulos

In ancient times, the Greeks created the gods and goddesses to represent the various personalities of human nature. In *Gods and Goddesses in Love*, Agapi Stassinopoulos tells the stories of the primary goddesses and gods, and how their myths can provide insight into your own romantic relationships.

Included are two fun and fascinating quizzes: one for women to determine their own dominant personality type and which goddess she most embodies; and a second that will help every woman understand more about the "god" she is involved with, or searching for.

In the book, the seven archetypal goddesses are portrayed in modern terms, highlighting not only each goddess's unique strengths but also the pitfalls or stumbling blocks she is likely to encounter in a relationship with her partner. Also included are interviews with real couples who reveal how they overcame obstacles to find true love.

For anyone who desires the self-knowledge and empowerment to find their ideal other, *Gods and Goddesses in Love* is an uplifting, instructive, and enlightening guide for achieving greater fulfillment in love.
